

### **Format of the Application for CIBR Seed Grants**

Applications should be in Arial 11 point font with one-half inch margins. Each application must contain the following items in the order outlined below. Documents must be uploaded separately:

1. Cover sheet.
2. Abstract (1000 characters).
3. Application body: the text should be no longer than 2 pages, excluding figures and references.
4. Figures and References, 2 pages.
5. Budget and justification: Complete budget form and include justification. Budget should not include subawards, consulting fees, indirects, travel, major equipment, faculty or administrative salaries.
6. NIH 4-page biosketch, including current support.
7. Assurances and compliance: Neither pending nor approved protocols are required with this application. However, if funded, researchers must obtain institutional approval for proposals involving human subjects, animals, radioisotopes, or biohazardous materials.
